

ENTRUST

Certified supplies for the Entrust Artista CR825 Instant Issuance System

Ensure peak performance

The Artista CR825 Instant Issuance System features proprietary print ribbons and retransfer material specifically designed for the CR825 card printer that features our RFID technology. When the printer recognizes that Entrust certified supplies are installed, all enhanced product features are enabled and successful card printing can begin.

We engineer superior performance and reliability into every system-matched supply item we offer. For you, this means smooth printing, brilliant image quality, high security, and exceptional performance. Worldwide representation enables a fast, direct connection to the supplies you need, when and where you need them. To ensure you are using Entrust certified supplies, look for ribbons that feature our distinctive blue cores with the platinum flecks.®

Entrust Artista CR825 card printer ribbon kits include all necessary cleaning supplies for daily operation of the CR825 card printer. Each kit includes one ribbon, one isopropyl cleaning card, one cleaning lapping stick, one cleaning swab, and one adhesive cleaning sleeve. Additional cleaning products can be ordered separately.

C = Cyan M = Magenta Y = Yellow K = Black P = Primer Panel I = Inhibitor Panel

*Note: Each color ribbon kit includes one ribbon, one isopropyl cleaning card, one cleaning lapping stick, one cleaning swab, and one cleaning sleeve.

Ensuring the right fit when it comes to card life expectations is critical for financial card issuance programs. The Artista CR825 has simple solutions for increasing card durability that stands up to life's demands. Adding a second layer of retransfer film during printing application helps meet card life expectations.

Use Cases		For optimal use, pair the color ribbon with the below recommended retransfer film	
Color Ribbon Panel		Retransfer Film	
CMYKP-KPi	Full color on one side, black panel for text and bar codes (Card flip) - Black panel for text and bar codes, inhibitor panel to mask out signature panels and/or magnetic stripes	Protection layer 1 front side / 1 back side 1,000 panel film = 500 yield	Protection layer 2 front side / 1 back side 1,500 panel film = 500 yield

C = Cyan, M = Magenta, Y = Yellow, K = Black, P = Primer, I = Inhibitor

For use with PVC cards and PVC composite cards. Use with polycarbonate or other card types may not be suitable and requires specific card compatibility testing.
