

# FLAT-OUT AWESOME!

ENTRUST

INNOVATIVE, SLEEK, AND  
SMOOTH FLAT CARD DESIGN

Say yes to more flat card personalization options with the Durable Graphics Printing Module.

**BY 2025,**  
36% OF THE MARKET  
**WILL BE FLAT CARD\***

The **Durable Graphics Printing Module** for Datacard® MX Series Systems is built on proven MX Series technologies so you get the durability you need from a reliable partner you trust.

- Ribbon-based technology for ultimate efficiency
- Specialized UV-curing technology for optimal durability
- Industry association approval to meet financial branding requirements without adding a topcoat
- Monochrome text, bar code, and logo printing with high-quality 600 dpi print resolution
- Flexible, non-traditional card layouts for front and back of card
