

FIELD CONNECTIONS

ENTRUST

SECURING A WORLD IN MOTION

Field Connections

Field connections connect fields in a credential design or mobile flash pass design to fields in the enrollment design. Data entered during enrollment populates the connected field on the credential design or mobile flash pass.

Field Connections

To modify the field connections between a credential design and an enrollment design, click on the **Main Menu** icon at the top left corner of the screen.

The screenshot shows the Entrust dashboard interface. At the top left, a yellow arrow points to the Main Menu icon (three horizontal lines). The dashboard includes a navigation bar with the Entrust logo and 'Adaptive Issuance Instant ID'. Below the navigation bar, there are three widget cards: 'Printers' with a count of 1, 'Designs' with a count of 1, and 'Credentials' with a count of 1. A 'Get Started' section follows, featuring a four-step process flow: Step 1. Setup Printer, Step 2. Design a Credential, Step 3. Enroll an Applicant, and Step 4. Issue a Credential. Below this is an 'Audit Log' section with a table header and a 'No Rows To Show' message. The table header includes columns for Out..., Date, Name, Type, Action, Resource Name, Subject Name, and Event. The 'Issuance' filter is selected in the top right of the table area.

Field Connections

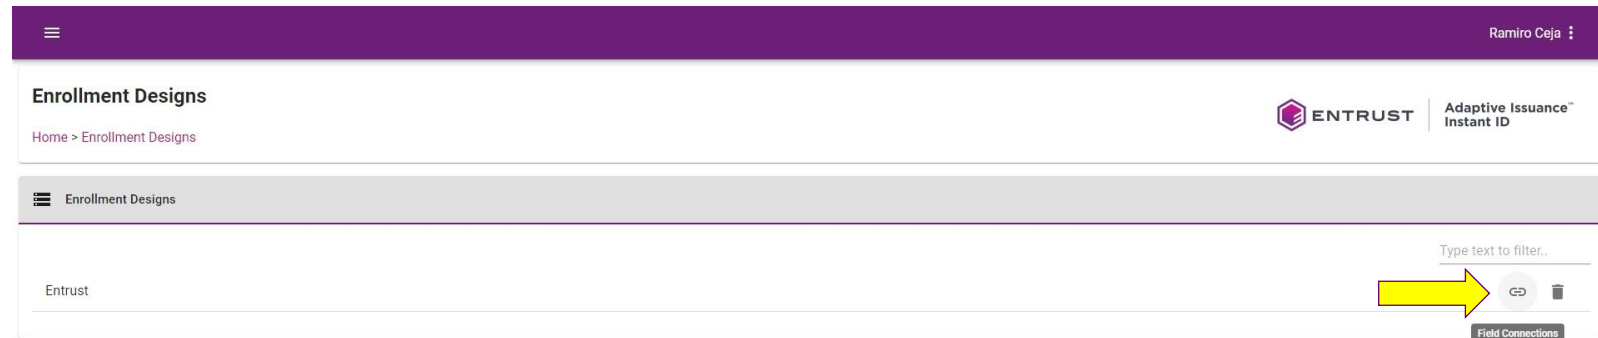

From the Main Menu
select **Enrollment
Designs.**

The screenshot displays the Entrust web application interface. On the left, a main menu is visible with the following items: Dashboard, Credentials, Credential Designs, Enrollment Designs (highlighted with a yellow arrow), Mobile Flash Pass Designs, Printers, Print Queue, Bulk Operations, and Administration. The main content area is titled "Enrollment Designs" and shows a breadcrumb trail "Home > Enrollment Designs". The Entrust logo and "Adaptive Issuance™ Instant ID" are in the top right. A search bar with the placeholder "Type text to filter..." is present. Below the search bar, a table lists an entry for "Entrust". The footer contains copyright information: "© 2021 Entrust Corporation. All rights reserved." and a URL: "https://training.sg.dev.trustedauthdev.com/#/enrollmentdesigns".

Field Connections

Select the **Field Connections** icon to edit the field connections for that enrollment design.

Field Connections

The **Filed Connections** page opens.

The screenshot displays the 'Field Connections' page in the Entrust system. The page title is 'Field Connections' and the breadcrumb is 'Home > Enrollment Designs'. The user is identified as 'Ramiro Ceja'. The page is divided into two main sections: '1 Select the source' and '2 Connect fields from the source to the Enrollment Design'. In the first section, the source is set to 'Entrust'. In the second section, the enrollment design is 'Enrollment Design: Entrust'. The following table shows the field mappings:

Credential Design	Enrollment Design
Barcode	Barcode
Employee Number	Employee Number
Employee Photo	Employee Photo
Employee Role	Employee Role
Employee Signature	Employee Signature
Employee Since Date	Employee Since Date
Full Name	Full Name
Magnetic Stripe Track 1	Full Name
Magnetic Stripe Track 2	Employee Number

Credential Design Field Connections

From the **Source** list, select **Credential Design**.

The screenshot shows the 'Field Connections' interface in the Entrust system. The breadcrumb trail is 'Home > Enrollment Designs'. The page title is 'Enrollment Design: Entrust'. The interface is divided into two main sections:

- 1 Select the source:** A dropdown menu labeled 'Source' with two options: 'Credential Design' (selected, indicated by a yellow arrow) and 'Entrust'.
- 2 Connect fields from the source to the Enrollment Design:** A table mapping fields from the selected source to the enrollment design.

Credential Design	Enrollment Design
Barcode	Barcode
Employee Number	Employee Number
Employee Photo	Employee Photo
Employee Role	Employee Role
Employee Signature	Employee Signature
Employee Since Date	Employee Since Date
Full Name	Full Name
Magnetic Stripe Track 1	Full Name
Magnetic Stripe Track 2	Employee Number

Credential Design Field Connections

From the **Credential Design** list, select a credential design.

The screenshot displays the 'Field Connections' interface in the Entrust system. The page title is 'Field Connections' with a breadcrumb 'Home > Enrollment Designs'. The user is logged in as 'Ramiro Ceja'. The interface is divided into two main sections: '1 Select the source' and '2 Connect fields from the source to the Enrollment Design'.

In the '1 Select the source' section, there are two dropdown menus. The first is labeled 'Source' and has 'Credential Design' selected. The second is labeled 'Credential Design' and has 'Entrust' selected, with a yellow arrow pointing to it.

The '2 Connect fields from the source to the Enrollment Design' section contains a table with two columns: 'Credential Design' and 'Enrollment Design'. The table lists various fields and their corresponding connections:

Credential Design	Enrollment Design
Barcode	Barcode
Employee Number	Employee Number
Employee Photo	Employee Photo
Employee Role	Employee Role
Employee Signature	Employee Signature
Employee Since Date	Employee Since Date
Full Name	Full Name
Magnetic Stripe Track 1	Full Name
Magnetic Stripe Track 2	Employee Number

Credential Design Field Connections

For each field in the **Credential Design** column, select a field from the **Enrollment Design** column.

The screenshot shows the 'Field Connections' interface in the Entrust system. The page title is 'Field Connections' and the breadcrumb is 'Home > Enrollment Designs'. The user is logged in as 'Ramiro Ceja'. The interface is for 'Enrollment Design: Entrust'.

Step 1: Select the source. The source is set to 'Credential Design'.

Step 2: Connect fields from the source to the Enrollment Design. The following table shows the mapping of fields:

Credential Design	Enrollment Design
Barcode	Barcode
Employee Number	Employee Number
Employee Photo	Employee Photo
Employee Role	Employee Role
Employee Signature	Employee Signature
Employee Since Date	Employee Since Date
Full Name	Full Name
Magnetic Stripe Track 1	Full Name
Magnetic Stripe Track 2	Employee Number

Credential Design Field Connections

Click on **SAVE**.

The screenshot displays the 'Credential Design' configuration page. On the left, a sidebar shows the 'Credential Design' section with a sub-section 'Entrust'. The main area is a table with two columns: the left column lists credential fields, and the right column shows the corresponding system fields they are connected to. A yellow arrow points to a purple 'SAVE' button in the bottom right corner.

Credential Field	System Field
Barcode	Barcode
Employee Number	Employee Number
Employee Photo	Employee Photo
Employee Role	Employee Role
Employee Signature	Employee Signature
Employee Since Date	Employee Since Date
Full Name	Full Name
Magnetic Stripe Track 1	Full Name
Magnetic Stripe Track 2	Employee Number
Magnetic Stripe Track 3

Mobile Flash Pass Design Field Connections

From the **Source** list, select **Mobile Flash Pass Design**.

The screenshot displays the 'Field Connections' configuration page in the Entrust system. The page is titled 'Field Connections' and includes a breadcrumb trail 'Home > Enrollment Designs'. The user 'Ramiro Ceja' is logged in. The current enrollment design is 'Enrollment Design: Entrust'.

The interface is divided into two main sections:

- 1 Select the source:** A list of sources is shown, including 'Mobile Flash Pass Design' and 'Entrust'. A yellow arrow points to 'Mobile Flash Pass Design', indicating it is the selected source.
- 2 Connect fields from the source to the Enrollment Design:** A table maps fields from the source to the enrollment design.

Mobile Flash Pass Design	Enrollment Design
Full Name	Full Name
Email Address	Email Address
User Photo	Employee Photo
User Role	Employee Role
User Number	Employee Number
Barcode Value	Barcode
Since Date	Employee Since Date
Expiry Date	

Mobile Flash Pass Design Field Connections

From the **Mobile Flash Pass Design** list, select a mobile flash pass design.

The screenshot shows the 'Field Connections' interface in the Entrust system. The page title is 'Field Connections' with a breadcrumb 'Home > Enrollment Designs'. The user is logged in as 'Ramiro Ceja'. The current enrollment design is 'Enrollment Design: Entrust'.

Step 1: Select the source. The 'Source' dropdown is set to 'Mobile Flash Pass Design'. Below it, the 'Mobile Flash Pass Design' list is shown with 'Entrust' selected, indicated by a yellow arrow.

Step 2: Connect fields from the source to the Enrollment Design. The following table shows the field mappings:

Mobile Flash Pass Design	Enrollment Design
Full Name	Full Name
Email Address	Email Address
User Photo	Employee Photo
User Role	Employee Role
User Number	Employee Number
Barcode Value	Barcode
Since Date	Employee Since Date
Expiry Date	

Mobile Flash Pass Design Field Connections

For each field in the **Mobile Flash Pass Design** column, select a field from the **Enrollment Design** column.

The screenshot shows the 'Field Connections' interface in the Entrust system. The page title is 'Field Connections' and the breadcrumb is 'Home > Enrollment Designs'. The user is identified as 'Ramiro Ceja'. The interface is divided into two main sections: 'Enrollment Design: Entrust' and a table for field connections.

1 Select the source

Source

- Mobile Flash Pass Design
- Entrust

2 Connect fields from the source to the Enrollment Design

Mobile Flash Pass Design	Enrollment Design
