Certified Supplies for Entrust® CD800 Direct-to-Card Printer

Ensure peak performance

The CD800 card printer features Entrust proprietary print ribbons, topcoats, overlays, and laminates, designed specifically for the CD800 card printer featuring our patented radio frequency (RF) technology. When the card printer recognizes that Entrust Certified Supplies are installed, all enhanced product features are enabled and successful card printing and lamination can begin. The CD800 card printer requires Entrust Certified Supplies with RFID tags. Entrust is your exclusive source for proprietary ribbons, topcoats, and laminates for the CD800 card printer.

Entrust CD800 card printer ribbon kits include all necessary cleaning supplies for the CD800 card printer's daily operations. Each kit includes one ribbon, one isopropanol cleaning card, and one adhesive cleaning sleeve. Additional cleaning items can also be ordered separately.

¹ Recommended for two-sided printing only

² Variable information can be printed in UV using the F-panel

³ DuraShield overlay requires use in conjunction with a ribbon containing a T-panel.

⁵ Actual yields for monochrome ribbons may be greater due to ribbon saver features

* The stated rsupply yields in our documentation are typically the maximum number of cards or printed images that can be produced with that ribbon
