Identity Verification as a Service

KEY BENEFITS

We help improve travel safety, security, and facilitation. Entrust applies its IDVaaS innovative platform and processes as a digital services enabler for:

- Immigration and border management

- Secure ID issuance and verification

- Passports

- eVisa as a Service (eVaaS)

- Airport security facilitation and offsite enrollment

- Enrollment and ID verification and/or re-verification for travel service providers

HOW IT WORKS

IDVaas can remotely verify that the traveler is who they say they are by combining smartphone reading, validating the ePassport chip, and comparing the traveler's ePassport trusted facial image with a selfie plus liveness detection to help prevent fraud.

1 SCAN THE MRZ

2 READ THE CHIP

Place the phone on your passport

Move the phone to find the chip

Take an image of your passport

3 TAKE A SELFIE AND PROVE LIVENESS

REMOTE IDENTITY VERIFICATION AND AUTHENTICATION OF ID DOCUMENT

Identity Verification as a Service

MARKET REPRESENTATION

The IDVaaS platform is included on projects with Immigration, Refugees, and Citizenship Canada; the Canada Border Services Agency; and the UK Home Office. Entrust is a member of several associations and international organizations relevant to the seamless traveler journey, to share insights and contribute to evolving technologies, best practices, and standards, including:

- The World Travel & Tourism Council
- International Air Transport Association – particularly the OneID initiative
- International Border Management & Technologies Association
- Biometrics Institute
- Digital ID & Authentication Council of Canada
- Entrust staff participate on ICAO MRTD/TRIP Program Working Groups

ABOUT ENTRUST CORPORATION

Entrust keeps the world moving safely by enabling trusted identities, payments, and data protection. Today more than ever, people demand seamless, secure experiences, whether they're crossing borders, making a purchase, accessing e-government services, or logging into corporate networks. Entrust offers an unmatched breadth of digital security and credential issuance solutions at the very heart of all these interactions. With more than 2,500 colleagues, a network of global partners, and customers in over 150 countries, it's no wonder the world's most entrusted organizations trust us.
