To start your order

1. Go to <https://store.entrust.com/default/certificate-services.html>.
2. In the *Shop Entrust Certificate Services* page, under TLS/SSL Certificates click **SHOP**.

3. In the *Shop Entrust TLS/SSL Certificates* page scroll down to Choose the right type of certificate to cover your suite of online domains.
4. If necessary, use the chart to select the type of certificate to buy and click BUY.

Choose the right type of certificate to cover your suite of online domains.

	Standard Plus OV SSL	Wildcard OV SSL	Multi-Domain EV SSL
Features	BUY	BUY	BUY
Organization validation type	Standard (OV)	Standard (OV)	Extended (EV)
Level of assurance	Standard	Standard	High
Number of domains included in base price	1	1	2
Primary type of domain supported	Non-wildcard domains	Wildcard domain (secures all subdomains)	Non-wildcard domains
Other domain type supported	None	Non-wildcard domains	None

5. In the page for the certificate type:
 - a. Select the subscription term. Be aware that this is not the lifespan of the certificate, but rather the length of the subscription. The lifespan of the certificate follows the lifespan recommendations of the CA/Browser forum.
 - b. Select the payment option, annually or one time purchase.
 - c. Select the number of certificate license subscriptions to purchase.
 - d. Optionally, add extra domains to the certificate.

If you have additional questions about this process a chat is available on the page.

Standard Plus OV SSL

Our Standard Plus OV SSL certificate establishes your trusted identity and eliminates browser notifications that warn visitors entering your site. Add multiple domains into one certificate for cost savings.
