Here's How It Works

Our unique Subscription plan gives you the opportunity to reuse SSL certificates, without any additional cost, providing a cost effective way to plan and budget your SSL certificate inventory.

Subscription Plan	<ul style="list-style-type: none"> ○ Versatile plan enables you to issue and reuse SSL certificates throughout the account term. ○ Purchase an inventory of SSL certificates for a fixed account term (1-5 years). ○ Choose the validity period for each SSL certificate. ○ Upon expiration, the license is returned to inventory to be reused throughout the account term.
Planning	<ul style="list-style-type: none"> ○ Select expiration dates to meet your schedule avoiding weekends, holidays and busy periods. ○ A fixed account expiration date renews all licenses simultaneously.
Issuance Term	<ul style="list-style-type: none"> ○ OV certificates can be issued from 2 to 39 months, and EV certificates for 2-27 months throughout the account term, per industry guidelines.
Budgeting	<ul style="list-style-type: none"> ○ Minimize unexpected costs with the potential for term and volume discounts that are valid throughout the account term. ○ Term Discount - is a cost effective way to purchase certificates. By prepaying your account term, you receive a discount up front based on the length of your account. ○ Additional certificates can be purchased on a pro-rated basis (based on the time remaining on the account) at the original volume discounted price. ○ Volume discount rewards the customer as the volume increases. Subsequent purchases receive the volume discount throughout the account term.
Delivery	<ul style="list-style-type: none"> ○ Manage your account with Entrust Certificate Services, our certificate lifecycle management platform.
Is Subscription Right for My Organization?	<p>The plan is best for:</p> <ul style="list-style-type: none"> ○ IT environments that require the maximum flexibility for certificate issuance and validity periods. ○ Larger or growing organizations where needs may vary over the account term.
How it Works	<ul style="list-style-type: none"> ○ For example, if you purchase 20 licenses for a three year account term, you'll receive term and volume discounts. At any time throughout the account term, you can issue and reuse up to 20 SSL certificates for the validity period you choose. Throughout the account term, purchase additional SSL certificates on a pro-rated basis, at the original discounted price.

Entrust Certificate Services™ Subscription Plan

Reusable Licenses for Changing Web Environments

94% of surveyed Entrust Certificate Services customers agree the Subscription Plan is effective in saving money on digital certificates.

Source: TechValidate survey of 405 users of Entrust Datacard

“The Subscription Plan takes out the billing and management overhead of renewing certificates. It makes the process easy for our team to manage their certificate renewals and keep track of the usage.

Security Manager, Medium Enterprise Computer Software Company

“What I like most about the Entrust Subscription Plan is the flexibility to build up and tear down certificates as needed.

IT Administrator, Medium Enterprise Health Care Company

“The Entrust Subscription Plan is simple and fast to use.

IT Administrator, Educational Institution

About Entrust Datacard

Consumers, citizens and employees increasingly expect anywhere-anytime experiences — whether they are making purchases, crossing borders, accessing e-gov services or logging onto corporate networks.
